REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:
2. Regarding Claim 14, as shown in the prior Office action mailed on 13 March 2007, WO 03/010994 A1 to Vincenot discloses all elements except a peripheral blocking portion constituting an outer periphery of the speaker grille and surrounding the sound opening. US patent 5,133,428 to Perrson discloses a loudspeaker grill with a rounded annular surface (Fig. 2, reference 26; column lines 36-39) that constitutes an outer periphery of the speaker grille and surrounding the sound opening. However, there was no motivation in the references or the knowledge of one of ordinary skill in the art to modify the blocking member taught in Vincenot to include such a structure. As such, Claim 14 is allowable.
3. Claims 15 through 20 are allowable due to dependence from Claim 14.
4. Claim 21 contains limitations similar to those of Claim 14 and is allowable for the same reasons.
5. Claims 22 through 30 are allowable due to dependence from Claim 21.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
